

Flaming Grill Main Menu Autumn Winter 2017 Allergen Report

We prepare our food in kitchens with products containing gluten and nuts as well as other allergens. The allergy data detailed in the table below has been derived from supplier specifications on the allergenic ingredients that have intentionally been added to the final food product. We have taken all reasonable steps to ensure that this table is accurate. We CANNOT guarantee that any product is "100% FREE FROM" any allergen due to the risk of cross contamination risk in production, supply and preparation. If you suffer from sensitive trace reactions for stated allergens, please be aware that we are unable to guarantee suitability for you.

Please make yourself known to our staff and inform them of your allergy every time you dine with us, even if you have eaten the dish before, so that every possible precaution can be taken in our kitchens to prevent cross contamination and if product substitutions are in place our staff can make you aware of these.

** Tree Nuts indicates the presence of the following: - almonds, brazils, cashews, hazelnuts, macadamias, pecans, pistachios, walnuts and their respective derivatives

* Gluten is a protein component of wheat, rye, barley, kamut, spelt & oats

Interpreting the Data

YES Vegan / Vegetarian	YES in the column indicates that the information that has been supplied to us indicates the product is suitable for Vegan/Vegetarian
NO Vegan / Vegetarian	NO in the column indicates that the information that has been supplied to us indicates the product is NOT suitable for Vegan/Vegetarian
NO	Is not listed as an ingredient, but please note that absence in the final product cannot be guaranteed, due to cross contamination risks in production, supply and preparation
NO*	Indicates that whilst gluten is not a listed ingredient, due to the fryers being used for breaded products there is an increased cross contamination risk
YES	Indicates that the product CONTAINS that allergen and is a listed ingredient by the supplier
Modifier Allergen Outcome	Some dishes have multiple options available when ordering. The allergen outcomes for each option is listed below the dish. Please bear this in mind when ordering and add the allergen outcome for each choice to your overall meal.

Flaming Grill Kids Menu Autumn Winter 2017 Allergen Report

We prepare our food in kitchens with products containing gluten and nuts as well as other allergens. The allergy data detailed in the table below has been derived from supplier specifications on the allergenic ingredients that have intentionally been added to the final food product. We have taken all reasonable steps to ensure that this table is accurate. We CANNOT guarantee that any product is "100% FREE FROM" any allergen due to the risk of cross contamination risk in production, supply and preparation. If you suffer from sensitive trace reactions for stated allergens, please be aware that we are unable to guarantee suitability for you.

Please make yourself known to our staff and inform them of your allergy every time you dine with us, even if you have eaten the dish before, so that every possible precaution can be taken in our kitchens to prevent cross contamination and if product substitutions are in place our staff can make you aware of these.

** Tree Nuts indicates the presence of the following: - almonds, brazils, cashews, hazelnuts, macadamias, pecans, pistachios, walnuts and their respective derivatives

* Gluten is a protein component of wheat, rye, barley, kamut, spelt & oats

Interpreting the Data

YES Vegan / Vegetarian	YES in the column indicates that the information that has been supplied to us indicates the product is suitable for Vegan/Vegetarian
NO Vegan / Vegetarian	NO in the column indicates that the information that has been supplied to us indicates the product is NOT suitable for Vegan/Vegetarian
NO	Is not listed as an ingredient, but please note that absence in the final product cannot be guaranteed, due to cross contamination risks in production, supply and preparation
NO*	Indicates that whilst gluten is not a listed ingredient, due to the fryers being used for breaded products there is an increased cross contamination risk
YES	Indicates that the product CONTAINS that allergen and is a listed ingredient by the supplier
Modifier Allergen Outcome	Some dishes have multiple options available when ordering. The allergen outcomes for each option is listed below the dish. Please bear this in mind when ordering and add the allergen outcome for each choice to your overall meal.
